Kindergarten Music Centers: Steady Beat

Take a *peek!*

- Worksheet center
- Coloring center
- Sorting center
- Instrument center
- Assessment center
- Card center
- Directions and Signs

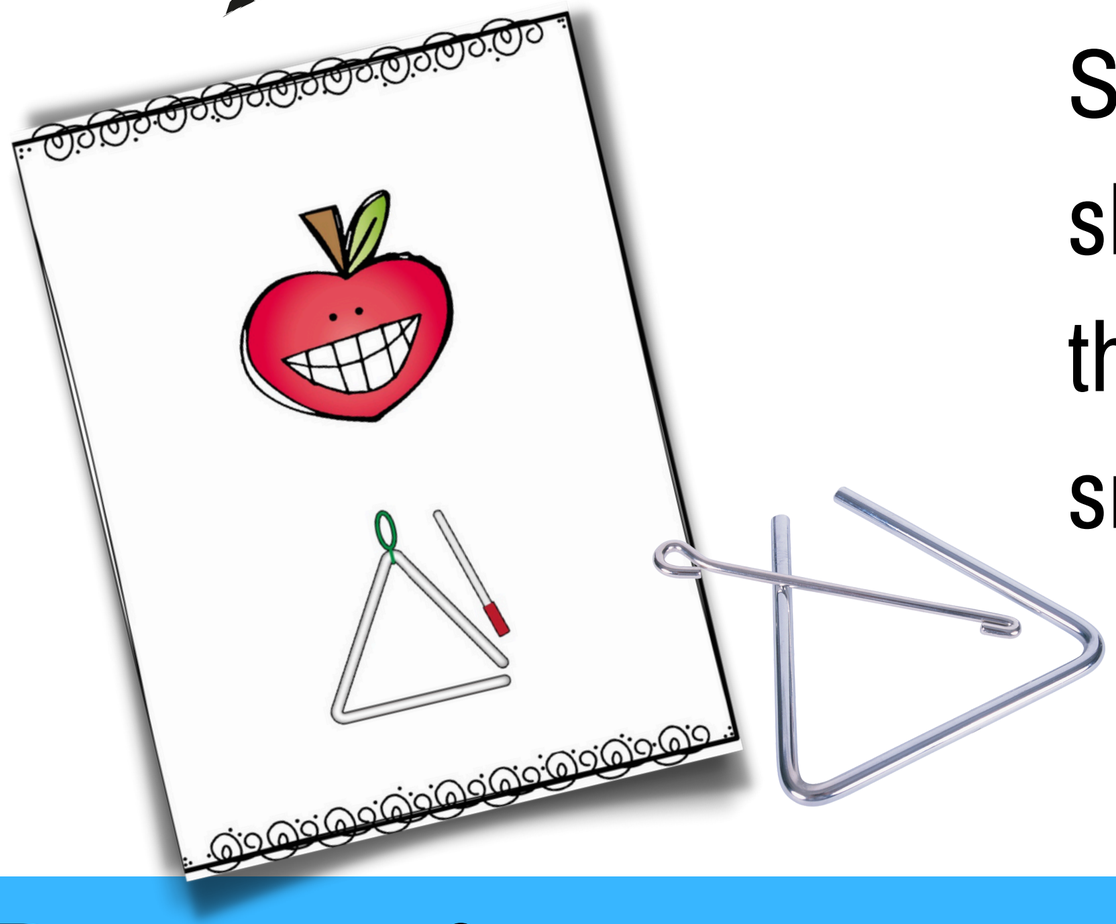

What's included?

Save time with centers, by having ready-to-go printables and directions to use with students

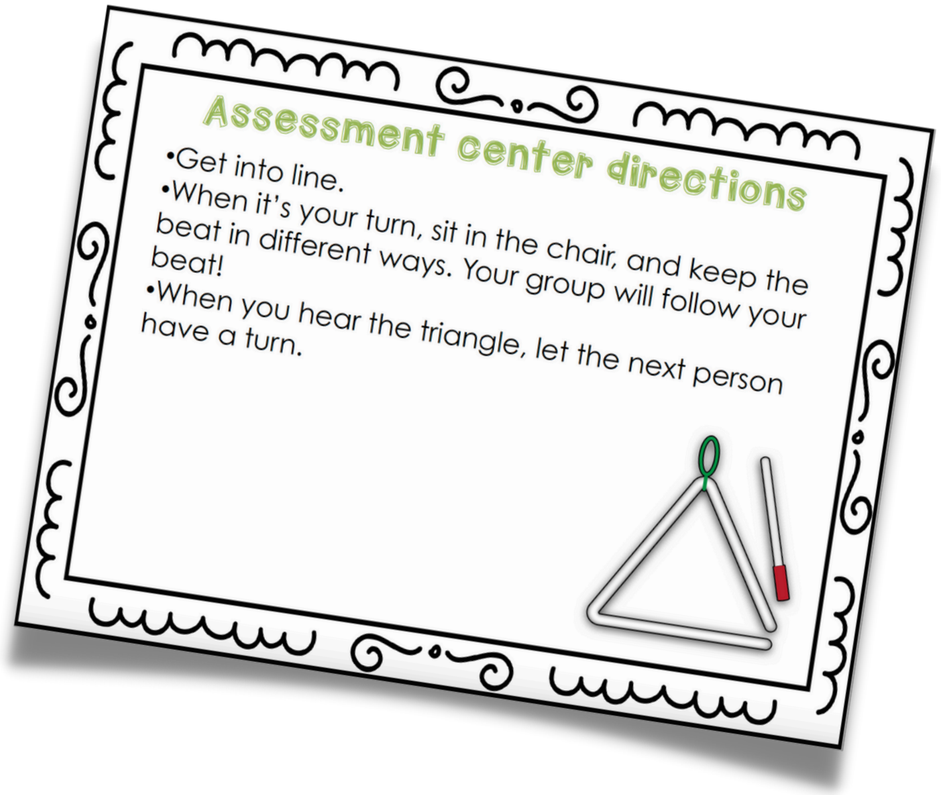

Save time!

Students play the beat on triangle,
as singing “Apple Tree”

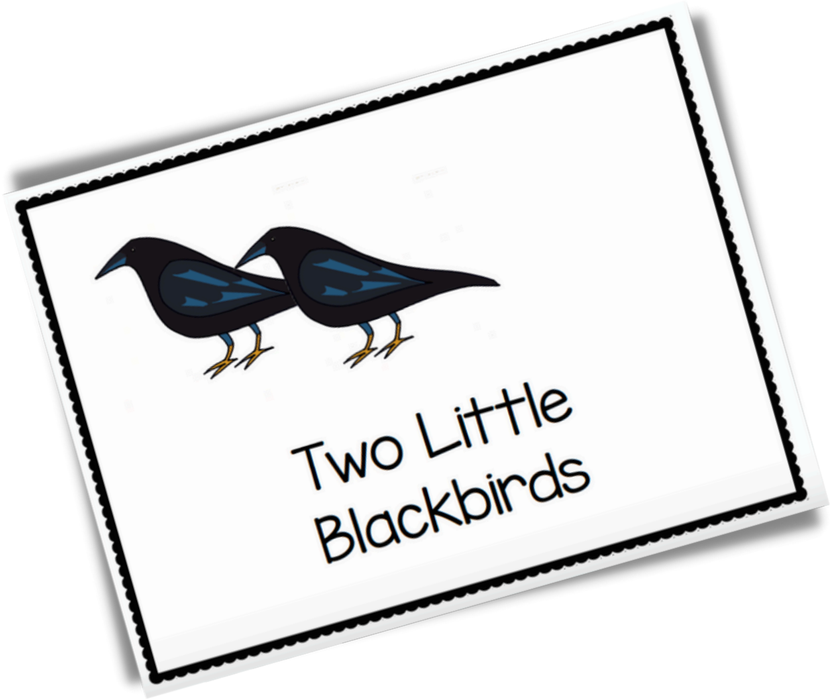

Students gain independence and skill with musical concepts, as they practice individually or in small groups at centers

Practice musical concepts

At one of the centers, the teacher can assess students individually, to gather data and inform instruction

Easily assess students

- Print out materials for each center
- Put centers and other materials (like scissors and glue sticks) around room
- Explain how to use the centers
- Have students rotate to each center

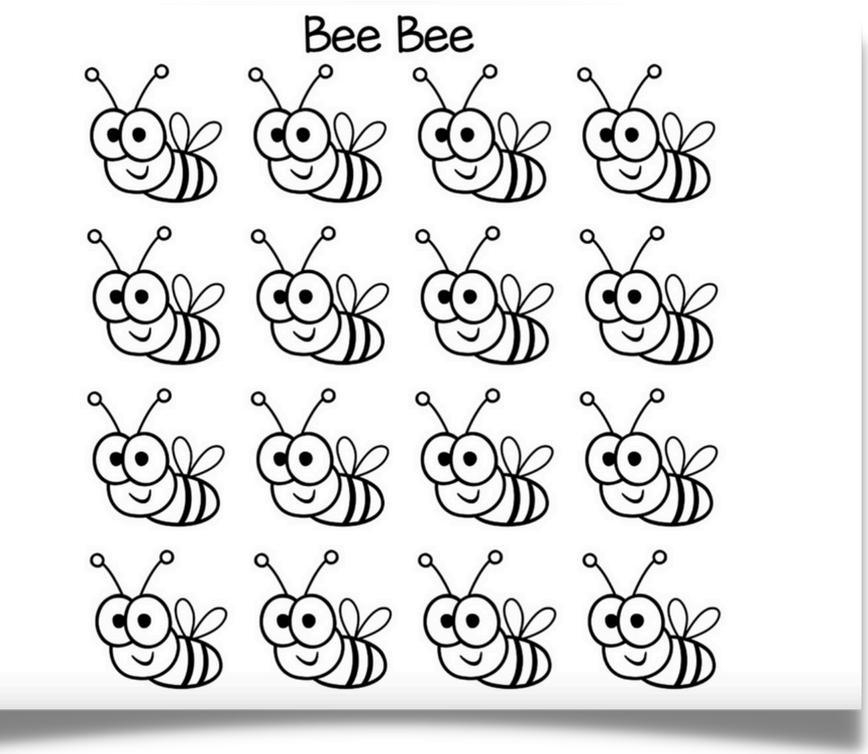

How to use

“I needed some centers that my kinders could complete with some level of independence, since we have such BIG classes this year. These are perfect!”

“I have been looking for center ideas for kindergarten forever. These look great! Thanks!”

“My students loved doing these centers! Definitely will do again next year! Thank you!”

What other teachers are saying...

This bundle is aligned with the NCAS standards:

- With guidance, explore and experience music concepts (such as beat and melodic contour).
- With guidance, explore and demonstrate awareness of music contrasts (such as high/low, loud/soft, same/different) in a variety of music selected for performance.
